

PEEBLES-ROOT LEAVE THE BRUINS

Peebles has resigned. Jack Root is "canned."

The Teddy Bears now have but one pitcher, Lou Woods, but the fans needn't be discouraged. Manager Wilson last night received a telegram from Ned Pettigrew, star outfielder with the Wichita team of the Western association, stating that he was ready to come himself and would bring with him Pitcher Brennan, considered one of the best southpaws in the association. Manager Wilson wired back transportation and the two men will leave today for Bisbee, reporting in time for the series with Douglas Saturday and Sunday.

Peebles resigned to return to his home in St. Louis. There is no truth to the statement circulated that he was let out, as his work has been consistent all season.

Jack Root's case is different. Since reporting two weeks ago he has been unable to get into condition.

"I gave Root all the chance in the world," said Wilson last night. "He is one of the best pitchers in the west if he would only get into condition. I have talked to him until I'm tired. The fans have been asking what is the matter with him, the papers have covered it up long enough, and so for the good of baseball I had to let him go."

HANDICAP FOR CUP WAS PLAYED TUESDAY

DOUGLAS, Sept. 28.—(Special).—Yesterday was bogey handicap day for the French cup at the Country Club and all day long the players were out on the links. Some good cards were turned in and others that were, well, that were not so good.

A Class E man has the honor of custody of the cup for the coming month for Goffer Best, bested Colonel Bogey and with a handicap of 24 put that redoubtable player one down on the eighteen holes. His card was 106.

Among the other cards which were turned in were T. M. Smith 92-9 one down; Butler 98-14 one down; F. Stuppi 87-4 two down; Hooper 92-10 two down; Drake 91-5 three down; French 95-9 four down; Robinson 100-5 seven down; Dowell 104-10 seven down; Bonilla 133-24 eleven down; and R. L. Scott 98-9 thirteen down.

Like a Boy's Pocket.
On killing a Plymouth Rock fowl at Charlton, in Kent county, England, Mr. Charles Downs found the following extraordinary collection in its crop: About 30 pieces of glass, one cartridge, six nails, one tin tack, a 1½-inch screw, a 1½-inch copper rivet, one bone collar stud, one shirt button, six trouser buttons, one brass stud, one piece of coal, one clock screw and one boot button.

Not a Thoughtful Race.
As a race we seem to have no desire for any such adventure as introspective thought, to leave an awesome shrinking from our own souls. In trains, on summer shores before the most alluring of seas, on piers, at handstands people are provided with books, papers, periodicals, anything—a timetable would serve—to keep themselves at bay.—Black and White.

O'DONOVAN TALKS BUT TO NO AVAIL

DOUGLAS, Sept. 28.—(Special).—Manager O'Donovan has returned from El Paso where he went to make arrangements for the coming tournament. The Don kissed the bit of Blarney stone which he sacredly preserves under triple lock and key in the safe of the office of the street railway company just before he departed but on this occasion this failed to prove efficacious and he was not successful in his mission.

The manager went to the Pass city to persuade the powers that be of the baseball tournament that he ought to be permitted to add four new players to his string. They would consent to but two and the Don would accept no compromise so he simply said "We'll play you with the same team we have now."

This does not mean there will not be new players here for there will. It only means El Paso will not be fortunate enough to see them play. They are feeling about the bait. Shortly they will take this bait and be played into the Douglas net.

BOWLING TOURNEY BEGINS AT DOUGLAS

DOUGLAS, Sept. 28.—(Special).—The three men bowling tournament at the Y. M. C. A. alleys will open tonight with matches between the Street Railway team and the Bantams, the former allowing the latter team a handicap of 8 pins.

The Street Railway team is composed of O'Donovan, McDonald and Orrison while De Freitas, Curtis and Dodson are the Bantams. This match ought to be one of the really hot ones of the tournament and as interest in running high a considerable crowd of spectators will be on hand to cheer the contestants.

Tomorrow night the City team will meet the C. Q. Clothing team and will try to allow them 100 pins in the match.

STORE TEAMS HAD AN INTERESTING GAME

DOUGLAS, Sept. 28.—(Special).—The baseball match between the Douglas and the Bisbee store teams drew out a good attendance yesterday morning and marked the resumption of play between the two stores and for the trophy cup which was won two years ago by Bisbee. Since then there has been no play for the cup.

It is tally one for the Douglas store. The local store keepers put it over the counter jumpers from Bisbee by the score of six to one. Maybe there have been seen cleaner fielding games, maybe there has been seen a game in which there were more hits made. But it suited.

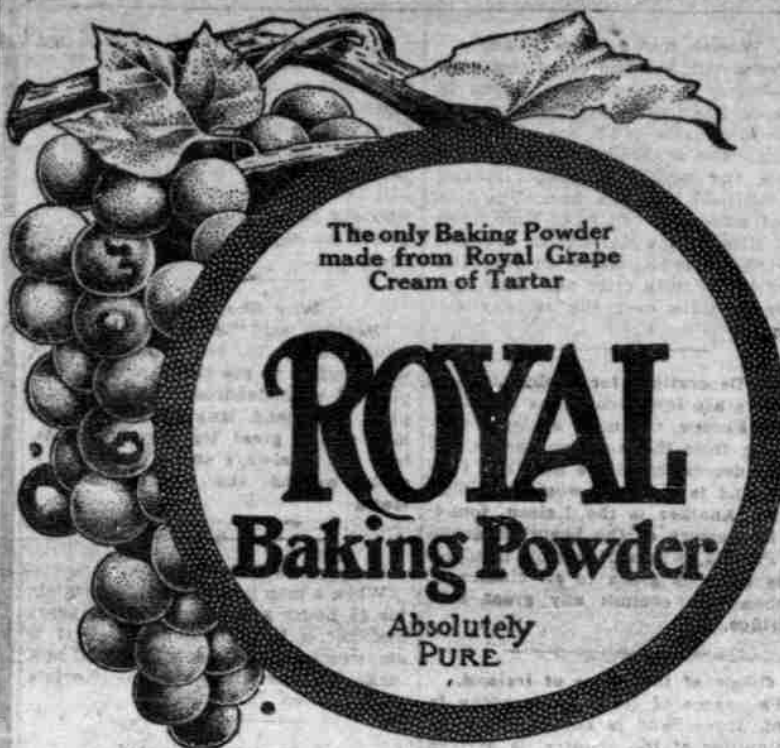

There was all kinds of fun at the park and the game did not draw out too long for all the players had time to come back to town, take a shower, lunch and then return to root at the afternoon game.

The Bisbee team wore long faces, made no excuses and did not blame the umpire. They were just outclassed. That was all. They say it will be different a week from next Sunday when the locals wander up to the mile high copper camp. Then they hope for revenge.

Hurst and Rice officiated for the locals and Hardesty and Padden for Bisbee.

Harry Camnitz, who will join his brother Howard with the Pittsburgh Pirates, has won 28 and lost 9 games pitching for the Mekeesport O. and P. team this season.

If one follows Charles Webb Murphy closely the answer reads—when the Cubs win the umpire is fine and bossy, but when the Cubs lose the umpire is rotten.

Detroit has won 16 of the 62 games played this season with their Western rivals, St. Louis, Cleveland and Chicago.

"Suk" O'Loughlin and Billy Evans look like the American league umpires who will officiate in the coming world's series.

Pitcher Christy Mathewson of the Giants has won 22, lost 5 and the one game so far this season. Great is the work of "Big Six."

Score is Tied.

The High school and Y. M. C. A. teams met on the diamond back of the association building Friday afternoon and tied things up in eight innings. It was a bit and run game especially a hit game with Lawton and Spikes, making home runs, Ted Rice a triple and Orrison and Baltzley two sackers. Eight to eight was the score.

Internationals Win Again.

The internationals lay claim to being the best Mexican baseball team in or about Douglas and they might carry their claims still further should they so desire. They have won 15 out of 18 games played.

On Thursday they played Naacoma for the third time and won their first straight game from that camp. My what a wallowing they gave them. Eighteen to two was the score and Fort panted out two homers and a three base, Coome got two three sackers and Placos landed a double.

In "Bohemia."

Some strange and unaccountable things are done in the name of "Bohemia," said the Bohemian. "The other night at a club the engagement was announced of an artist and a writer who is a widow. At the same time a new book by the writer was exploited at the club. The book was lovingly dedicated to her dearly beloved, much-mourned and never-to-be-forgotten departed and illustrated by the artist husband that is to be."

Europe's Oldest Church.

The oldest church in Europe is said to be that of St. Peter's at Rome. About the middle of the first century, a certain Roman senator had a house on this spot. He was a Christian convert of St. Paul, who lodged with him from A. D. 41 to 50. For the religious uses of himself and his guests he built a small chapel in his house, which was later supplemented by the present church.

The Land.

We are at last working round to some conception of what the land is or ought to be in the scheme of national well-being. We are at last beginning to see that there is hardly any great social question, however urban it may seem at first, that is not ultimately to be traced back to this problem or that of the open country.—London World.
